S I R:

The inventors/applicants of the above-referenced issued patent hereby request issuance of a Certificate of Correction to correct an error in the above-referenced patent that arose due to a mistake on the part of the Patent and Trademark Office. In column 5, line 46, the composition ending B₁₆ should be separated by a comma from the composition beginning with Fe₄₅. Similarly, in column 5, line 63, the composition ending with B₁₆ should be separated by a comma from the next composition starting with Fe₂₈.

These compositions were correctly separated by commas in the application. The error in omitting these commas therefore apparently arose during printing of the issued patent, and therefore is within the scope of Patent and Trademark Office errors that are correctable under 35 U.S.C. §254 and 37 C.F.R. §1.322.

There is thus no fee that is necessary for requesting this correction.

This Request is accompanied by Form PTO/SB/44. Granting of the present request and issuance of the Certificate of Correction are therefore respectfully requested.

The Commissioner is hereby authorized to charge any additional fees which may be required, or to credit any overpayment to account No. 501519.
